  International Juvenile Law Expert

  Volunteer, with another member of the American judiciary and a Canadian gender law legal expert, by UNDP/Belarus, for a project relating to a concept paper on court organization in Belarus. I was the juvenile expert for this project. I researched and wrote a juvenile law review of the project, identifying the knowledge required for the project to be successful from a judicial and policy perspective. I travelled to Minsk, Belarus, where, with my colleagues, I presented this review document at a Round Table of judges, UN officials and others. I also attended various meetings in Minsk to talk about international standards of juvenile law.

- Provided review, comments and suggestions to the Ottowa National Judicial Institute in a domestic violence and family law series.
